From the National Republican. TO THE FIRST R. I. REGIMENT.

BY HATTIE E. CARR, Brave patriot sons of Rhode Island, Keep your hearts firm and faithful forever, And swerve not when called to the test Be strong in your purpose, and manfully Stand by your country, like braves, Be noble in action, and conquer,

When stern duty calls thee to battle, Make steady and strong each right hand, And strike for our country for Union, And peace over all this fair land, Then arm thee with truth, right and justice, With strong, fearless hearts in each breast, May secessionists tremble before thee, And find thee the bravest and best.

Or, hero-like, yield up your lives.

With such hearts to counsel and lead you, As Burnside, the noble and gallant, As Pitman, the loyal and true;

With hearts for our cause, and for thee; Gov. Sprague, of our own little Rhody; Then strike for the flag of the free. By the crimson and white of our banner,

By the agure and stars you have sworn To protect and defend our loved Union, -Lat Rhade Island not blush for her sons. Honor's bright wreath may you gain, May blessings encircle thy pathway Till Unity once more shall reign.

effects truly wonderful in the cure of Fonervol and Mecservoid Disease. One of any patients had Syphilitic places
in his threat, which were consuming his palate and the
top of his mouth. Your Sarsaparilla, streadly taken,
cured him in the weeks. Another was attacked by secondary symptoms in his non, and the ulcention had
salven away a considerable part of it, so that I believe the
disorder would scon reach his beats and kill him. But it
yielded to my administration of your Sarsaparilla. The
ulcore healed and he is well again, not of course without
come disappration to his face. A woman who had been
treated for the same disorder by mercury was suffering
from this poison in kee house. They had become so sursitive to the weather that on a damp day she suffered axcrucating pain in the points and house. She, too, was
covered entirely by your Sarsaparilla in a few weeks. I
know from its formula, which your agent gave me, that
